**For Council Consideration**

Council should consider providing direction on a future public engagement session surrounding TCAAP.

**Background**

At a previous City Council meeting, the Council directed Staff to bring back a discussion on TCAAP public engagement, it was to be done following coordination with the County. The JDA met on July 11<sup>th</sup> and discussed public engagement (see Attachment A). The JDA is aiming to have a large public engagement event in October. The event will be conducted by a professional consultant and funded by the County. While this event will be focused on the project as a whole, it will delve into many of the elements related to the City, and provide a comprehensive overview for those not familiar with the project. Should Council want to hold a separate event, Staff would recommend holding it after the JDA event, if Council feels it is still needed. By having it afterwards, the JDA event may answer questions that residents have and help to educate the public in-advance of a City event.
