**FROM:** Matthew Johnson

**SUBJECT: PTRC Announcement for South Shore Fitness Park and Trail**

---

**Background**

The city of Arden Hills has officially taken custody of the South Shore Fitness Park and Trail property.

Through this how would the PTRC advise we announce to the public?

What media outlets and engagement would PTRC recommend?

*Note: This property does NOT include the private emergency access road up to it. The public space is the small parking area (where the sign is placed), and the park area itself. All issues in the delay of taking custody of the property have been resolved.*
