SUBJECT: Playground Structure Replacement Schedule

Background

The City of Arden hills has two playground structures that are scheduled to be replaced this year. The playgrounds scheduled to be replaced are Arden Oaks Park and Arden Manor Park. These playground structures were last updated in 1999. A 20 year replacement schedule was established to make sure playgrounds structures meet the current safety guidelines, require a minimum amount of maintenance, and have replacement parks available.

Action Requested

Staff is seeking input on what community outreach could be done to ensure that the neighborhoods are included in the planning process.
