

MEMORANDUM

**DATE:** March 15, 2021  
**TO:** Honorable Mayor and City Councilmembers  
**FROM:** Dave Perrault, City Administrator  
**SUBJECT:** Boston Scientific JCF Resolution and Neighborhood Concerns

Budgeted Amount:	Actual Amount:	Funding Source:
N/A	N/A	N/A

**For Council Consideration**

Council may discuss and provide further direction on the Boston Scientific Job Creation Fund Resolution and neighborhood concerns regarding the upcoming project.

**Background**

The City Council voted to table a resolution in support of Boston Scientific’s Job Creation Fund Application at its March 8, 2021 meeting. The Council requested an opportunity to discuss the resolution at a future work session. The original memo and resolution are attached (see Attachment A). It is important to note that the approval of this resolution does not obligate the City financially or otherwise to the JCF application, and is not connected to the Planning Case (i.e. any Planning Case decisions are separate from this approval).

The City Council also requested an opportunity to speak with Boston Scientific on a letter from nearby neighbors who expressed concerns about the upcoming project, as well as, existing concerns (see Attachment B).

Representatives from Boston Scientific will be present to discuss both the JCF application and to address concerns raised in the neighborhood letter.

**Budget Impact**

N/A

**Attachments**

Attachment A: Memo from March 8, 2021 Council Meeting  
 Attachment B: Neighborhood Concerns Regarding Boston Scientific
