**SUBJECT:** Locations for Tree Plantings

**Background**

At the last PTRC meeting, there was discussion about where the committee would like to see trees planted in Arden Hills. Some areas that were suggested were in local parks and along Highway 96. This item is on the agenda for discussion about where members would like to see trees planted.

At the November 17, 2020, PTRC meeting, city staff presented a donation from the Friends of the Parks and Trails for a tree to be planted in Valentine park. The tree may be the native species of our choice.
