

DATE: April 19, 2022
TO: Parks, Trails and Recreation Committee
FROM: Marie Hinton, PTRC Chair
SUBJECT: Point Person/Champion

Background

A few outside organizations have contacted city staff, inquiring about volunteer opportunities. They are willing to do volunteer work monthly in the parks. These groups would like to set up volunteer events for this spring and summer. We would like to them up on their offer starting in May so that PTRC has a chance to discuss and then roll this out smoothly.

We would like to connect these groups with a member(s) of the PTRC to make sure that items important to the PTRC are prioritized and orchestrated correctly.

In the PTRC Work Plan and previous meetings, we have discussed assigning specific parks/trails/areas to specific members as point persons or champions of that park/trail/area. The point person would be responsible to monitor and report on developments in the park/trail/area they have adopted.

Action Needed

Please consider volunteering to be the point person for volunteer projects, parks, trails, recreation, events, and/or outreach
