- Certain applications are subject to review and approval by the Rice Creek Watershed District. Contact RCWD directly at 763-398-3070 for additional information.
- The land use application fees do not cover building, sign, or other permit fees that may be required upon approval of a land use application.
- All applications will be subject to additional fees for reimbursement of consultant costs associated with filing, reviewing, and processing of application in the form of an escrow to the City.

Filing & Information Requirements

The City requests that you make a pre-application meeting with the City Planner to discuss the application process, requirements, and deadlines. Unless waived by the City Planner or Planning Commission, a certified survey of the property is required for all applications. A checklist with additional application requirements can be found at www.cityofardenhills.org/landuseapplications.

Complete/Incomplete Applications

Under Minnesota Statute, Chapter 15.99, cities have 15 business days to review all plans and application materials to ensure they satisfy City requirements. During the 15 day review period, planning staff will provide written comments on the application and may request plan revisions. If the application is determined to be complete, Minnesota State Statute then requires the City to approve or deny the application within 60 days, up to 120 days. If not complete, the City may require plan revisions and/or additional information before the application is scheduled for Planning Commission review and/or City Council action. Project will not be scheduled for any meeting until the application submittal is found to be complete by the City Planner.

Payment of Fees and Escrows

The undersigned acknowledges that she/he understands that before a land use application can be deemed complete, all required fees and escrows must be paid to the City. The applicant is responsible for all costs incurred by the City related to the processing of this application. Each separate land use request shall be charged a separate administrative fee and escrow even if submitted on the same application. Costs expended in reviewing and processing an application will be charged against the cash escrow and credited to the City. Charges to the escrow may include planning and engineering staff time, City Attorney and consulting fees, and mailing costs. If, at any time, a required cash escrow is depleted to less than 20 percent of its original amount, the applicant shall deposit additional funds in the cash escrow account as determined by the City. The City may withhold final action on a land use application, withhold building permits, and/or rescind prior action until all fees have been paid. Unused portions of an escrow are returned to the applicant upon successful implementation of an approved plan. The escrow may be reduced or increased by the City Planner on a project by project basis.

Notice of Meeting Attendance

In order for the Planning Commission and the City Council to consider any application, the applicant or a designated representative must be present at the scheduled meeting. If not, the matter may be tabled until the next available agenda.
