

MEMORANDUM

**DATE:** August 8, 2022

**TO:** Honorable Mayor and City Councilmembers  
Dave Perrault, City Administrator

**FROM:** David Swearingen, P.E. Public Works Director / City Engineer

**SUBJECT:** 1230 Highway 96 Watermain Repair Invoice

Budgeted Amount:	Actual Amount:	Funding Source:
\$0 remaining of \$50,000 budget	\$13,433.68	Water Utility Fund

**Council Should Consider**

Motions to approve, table, or deny the following:

- Payment of the invoice from Klein Underground, LLC in the amount of \$13,433.68.

*All items need a simple majority for action unless otherwise noted.*

**Background/Discussion**

On February 8, 2021, a watermain break on a 6-inch main occurred near 1230 Highway 96. From the excavation during repair work, the concrete roadway was undermined therefore the impacted concrete panels had to be removed and replaced per Ramsey County policy. Staff tried coordinating repair work with the County in 2021, but the County decided to push off their work to a later date which is why this repair wasn't done until this year. Klein Underground, LLC completed the repair in July 2022, the work included removing and replacing 2 full concrete panels (per specification of Ramsey County), doweling, dowel baskets, curbing, spoils removal and saw cutting at the cost of \$13,433.68.

Staff has reviewed the invoice (Attachment A) and recommends that the City proceed with the approval of payment in the amount of \$13,433.68.

**Budget Impact**

This invoice exceeds the amount remaining in the budget for water main breaks. The Water Fund will need to absorb this cost in other areas of the budget.
