

DATE: August 3, 2022

TO: Planning Commission Chair and Commissioners

FROM: Jessica Jagoe, Community Development Director

SUBJECT: Planning Case #22-014 – Public Hearing Required
Applicant: Delkor Systems, Inc.
Property Location: 4200 Round Lake Road
Request: Planned Unit Development Amendment

Requested Action

Delkor Systems, Inc. (“Applicant”), on behalf of Scannell Properties, LLC has submitted an application for an amendment to the approved Planned Unit Development for the Gateway Interstate building located at 4200 Round Lake Road (“Subject Property”). The proposal is for flexibility from the City Code on a proposed signage plan for the Gateway Interstate building. Tenants, Delkor Systems, Inc. and Colder Products Company (CPC), are seeking additional wall signage on the southwest elevation of the building.

Background

1. Overview of Request

The Applicant has submitted a land use application for a Planned Unit Development Amendment, proposing additional wall signage on the southwest elevation of the Gateway Interstate building. The original Preliminary/Final Plat, Planned Unit Development, Conditional Use Permit, and Site Plan Review approvals from October 12, 2020, for the Subject Property did not include signage. It was stated in the approvals that a separate sign permit would be required for all proposed signage and that all proposed signage shall meet the requirements of Sign District 6. In July of 2021, it was determined that Sign District 6 would allow for a single wall sign for each tenant under 60 square feet on each of the corresponding tenant building elevations. The applicant is proposing additional signage on the southwest elevation.

2. Site Data

Future Land Use Plan:	Light Industrial and Office
Existing Land Use:	Undeveloped
Zoning:	GB, Gateway Business District
Size:	25.81 Acres

Approvals

1. Planned Unit Development Amendment

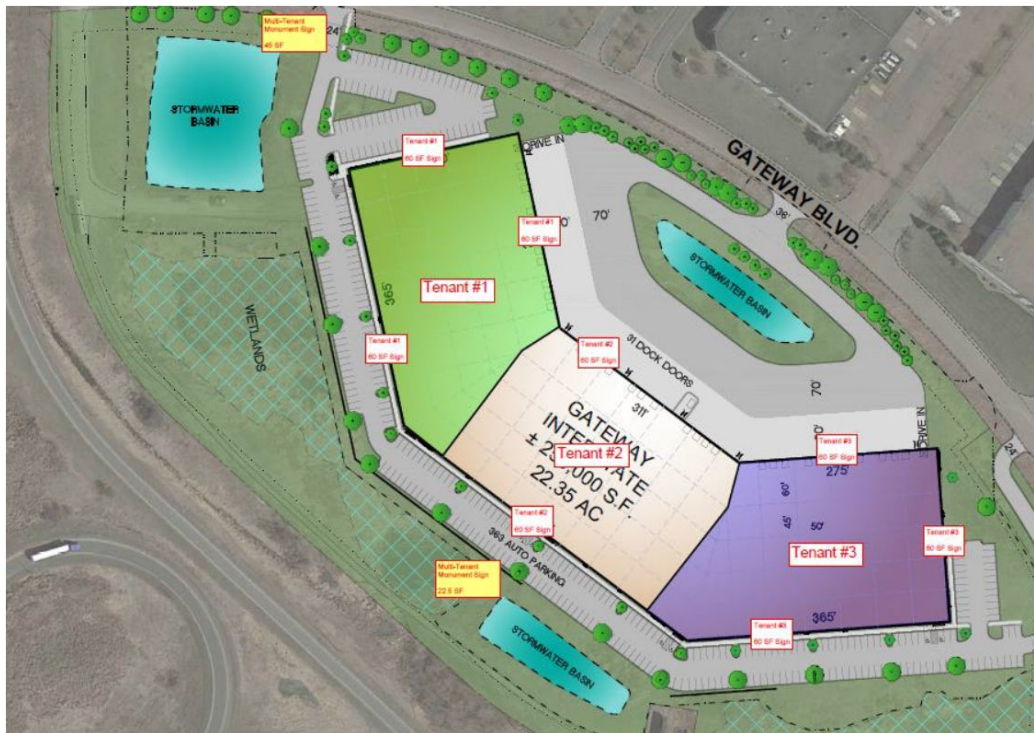

A Planned Unit Development (PUD) Amendment to alter the conditions of approval in the original Planned Unit Development, Conditional Use Permit, and Site Plan for the Gateway Interstate building located at 4200 Round Lake Road.

Plan Evaluation

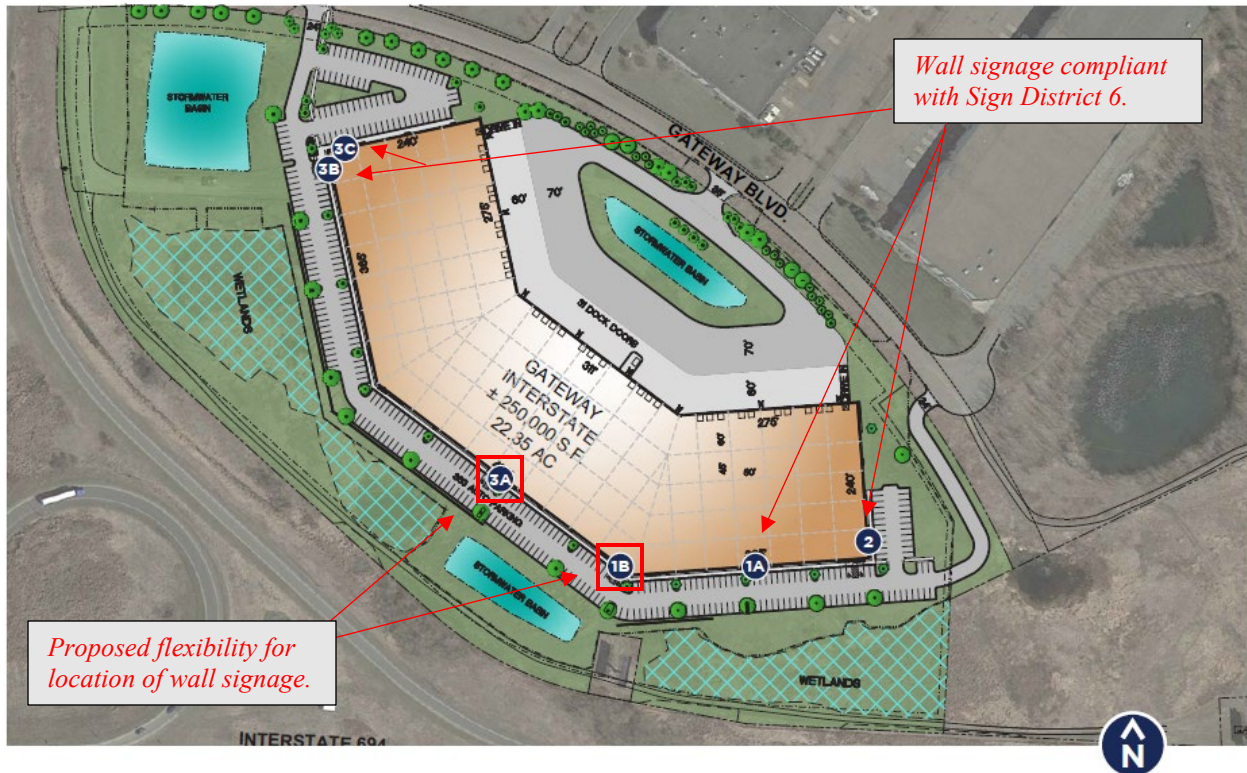

Chapter 12, Sign Code

A. Wall Signs – Flexibility Requested

The original PUD for the Subject Property did not include a request for flexibility on signage. A condition of approval stated that all proposed signage shall meet the requirements of Sign District 6. Installation of future signage would be reviewed by planning staff as part of the permit process for verification of compliance with sign regulations. The administratively approved signage plan for the Gateway Interstate building included one wall sign per corresponding building elevation for each tenant. At the time of approvals, the owner of the building, Scannell Properties, was proposing three tenants in the shell building. The maximum allowed wall signage translated to three wall signs per tenant on the northwest and southwest sides of the building and two wall signs for the tenant in the center of the building. The original sign plan is pictured below.

The final buildout of the building is for two tenants. The Applicant is now proposing an additional wall sign on the building's southwest elevation. The two tenants, Delkor Systems, Inc. and Colder Products Company (CPC), share the southwest elevation of the building. Delkor's main entrance is located on the southwest elevation of the building. The proposed sign plan is pictured below.

The Applicant is seeking flexibility for the location of wall signage. The two tenants are proposing that each would continue to install three wall signs. However, two of those wall signs would be installed on the same building elevation (i.e. rear elevation). Under the proposed signage plan, the tenants would no longer be installing a wall sign on the north/northeast elevation (i.e. front elevation). As proposed, the total square footage of wall signage for the tenants remains the same. The Applicant has noted that they shall accept all other city standards for the signage on the building. Properties in Sign District 6 are allowed wall signs up to 60 square feet. All of the proposed square footages are under 60 square feet and comply with the sign district requirements. All proposed signage is noted to be internally lit. The signage plans are shown in Attachment D.

B. Sign Standard Adjustments, Section 1260.01

The Applicant requests flexibility for the location of wall signage. City Code Section 1260.01, Sign Standard Adjustments states “adjustments to the requirements and standards for the height, number, type, lighting, area, and/or location of a sign or signs established by this Chapter may be approved with a Site Plan Review or a Planned Unit Development process.” In order to approve an adjustment, the Planning Commission will need to make a determination that the following criteria in the sign code has been satisfied:

1. Subd. 1 There are site conditions which require a sign adjustment to allow the sign to be reasonably visible from a street immediately adjacent to the site.

According to the Applicant, the sign adjustment is required to identify and orientate customers to tenant entrances. Both tenants have entrances on the southwest elevation of the building and they are concerned with visitors misidentifying their location.

2. Subd. 2 The sign adjustment will allow a sign of exceptional design or a style that will enhance the area or that is more consistent with the architecture and design of the site.

The Applicant has stated the proposed wall signage design will be complimentary of the colors and features of the building.

3. Subd. 3 The sign adjustment will not result in a sign that is inconsistent with the purpose of the zoning district in which the property is located or the current land use.

According to the Applicant, the proposed wall signage is consistent with the zoning district and 2040 Comprehensive Plan.

Application Review

1355.04 Procedural Requirements for Specific Applications

A public hearing for a PUD Amendment request is required before the request can be brought before the City Council. The applicant or its representative shall be given the opportunity to appear before the Planning Commission to answer questions or give explanations regarding the proposal. Upon completion of the public hearing and its study and consideration of the application, the Planning Commission shall submit its written report, containing its findings, conclusions, and recommendations as to the application, to the City Council.

Under Section 1355.06 subd.4, an application for an amendment shall be administered in the same manner as required for a new application. Any structural alteration, enlargement or intensification change in site plan, or similar change not specially permitted, shall require City Council action and all procedures shall apply as if a new application were being requested; provided, however, that when such changes are deemed to be insignificant by the Zoning Administrator, the requirements of a public hearing may be waived.

Findings of Fact

The Planning Commission must make a finding as to whether or not the proposed application would adversely affect the surrounding neighborhood or the community as a whole based on the aforementioned factors. Staff offers the following findings for consideration:

1. The Applicant submitted an application for a Planned Unit Development Amendment.
2. The Subject Property is located within the GB Gateway Business District and is guided as Light Industrial and Office Use on the Land Use Plan.
3. The Subject Property is approximately 26 acres and is owned by Scannell Properties.
4. Adjustments to the requirements and standards for the height, number, type, lighting, area, and/or location of a sign or signs established by this Chapter may be approved with a Site Plan Review or a Planned Unit Development process as described for in Section 1320 and 1355 of the Zoning Code.
5. Flexibility through the PUD process has been requested for the location of the proposed wall signs.
6. The proposed signage plan will not result in a sign that is inconsistent with the purpose of the zoning district in which the property is located or the current land use.
7. A public hearing for a Planned Unit Development Amendment is required before the request can be brought before the City Council.

Options and Motion Language

Staff has provided the following options and motion language for this case. The Planning Commission should consider providing additional findings of fact as part of the motion to support their recommendation for approval or denial.

- Recommend Approval with Conditions: Motion to recommend *approval* of Planning Case 22-014 for a Planned Unit Development Amendment at 4200 Round Lake Road, based on the findings of fact and the submitted plans, as amended by the conditions in the August 3, 2022 Report to the Planning Commission:
 - 1) All conditions of the original Preliminary/Final Plat, Planned Unit Development, Conditional Use Permit, and Site Plan Review shall remain in full force and effect.
 - 2) A separate sign permit shall be required for all proposed signage.
 - 3) All signage shall meet all other requirements of Sign District 6.

- Recommend Approval as Submitted: Motion to recommend *approval* of Planning Case 22-014 for a Planned Unit Development Amendment at 4200 Round Lake Road, based on the findings of fact and the submitted plans in the August 3, 2022 Report to the Planning Commission.

- Recommend Denial: Motion to recommend *denial* of Planning Case 22-014 for a Planned Unit Development Amendment at 4200 Round Lake Road: *findings to deny should specifically reference the reasons for denial and why those reasons cannot be mitigated.*

- Table: Motion to *table* of Planning Case 22-014 for a Planned Unit Development Amendment at 4200 Round Lake Road: *a specific reason and information request should be included with a motion to table.*

Public Comments

Notice was published in the *Pioneer Press* on July 22, 2022. Notice was prepared by the City and mailed to property owners within 1,000 feet of the subject property. Staff has not received any public comments regarding this case.

Deadline for Agency Actions

The City of Arden Hills received the completed application for this request on July 8, 2022. Pursuant to Minnesota State Statute, the City must act on this request by September 6, 2022 (60 days), unless the City provides the petitioner with written reasons for an additional 60-day review period. With consent of the applicant, the City may extend the review period beyond the initial 120 days.
