**Council Should Consider**

Motions to approve, table, or deny the following:

- Pay Request No. 2 for the Lift Station 10 Rehabilitation Project to Vinco Inc. in the amount of \$112,670.00.

*All items need a simple majority for action unless otherwise noted.*

**Discussion**

The City’s Capital Improvement Program identifies rehabilitation work for Lift Station No. 10 located near the intersection of Cleveland Avenue and County Road E2. The lift station has been in service for 31 years in the current configuration. Several improvements have been identified, including the need to replace the aging pumps, check valves, air release valves and control panel. This lift station also encounters problems with sewer flow backing up into the upstream manhole due to the bottom elevation of the lift station wet well having minimal elevation drop from the upstream gravity sewer.

On June 22, 2020, the City Council approved professional services with Bolton & Menk for planning, design and construction. On May 10, 2021 City Council approved plans and specifications and ordered advertisement for bids. On June 14, 2021 City Council approved Resolution 2021-034 awarding the construction contract to Vinco Inc. in the amount of \$130,700.

Vinco Inc. has submitted Pay Request No. 2 (Attachment A) in the amount of \$112,670.00. Staff has reviewed and recommends payment.

**Budget Impact**

A summary of the estimated project costs and funding sources is provided below:

Total Project Costs

Construction Cost	\$ 130,700.00
