Council Should Consider

Motions to approve, table, or deny the following:

- Quote from Valley-Rich Co., Inc. in the amount of \$11,350 for hydrant replacement.

All items need a simple majority for action unless otherwise noted.

Background/Discussion

Through routine maintenance and inspection, Public Works has identified a hydrant located near the railroad tracks on Grey Fox Rd to be inoperable and out of service. Due to spacing requirements between operational hydrants, this hydrant must be replaced as soon as possible.

Staff has reviewed and approved the quote from Valley-Rich Co., Inc. (Attachment A) since this a public safety concern. This memo serves as an official notice to Council that the City is proceeding with the work in the amount of \$11,350. Public Works will be utilizing the City's Vac-Truck, trucking and materials in inventory to assist the contractor.

Budget Impact

This work exceeds the amount remaining in the budget for water main breaks. The Water Fund will need to absorb this cost in other areas of the budget.
