

Attachment A

Goals submitted at January 2023 and February 2023 PTRC meeting:

Trails

- Set up trail walks for PTRC members and Council members.
- Look for opportunities to connect trails.
- Look for opportunities for trails that make a full loop. Round Lake (being dredged in 2025)?
- Residents are working on getting some access for non-military to walk on Sunfish Lake trail. Support this effort if an opportunity arises.
- Work with Ramsey County to secure funding faster for Lake Johanna Boulevard trail.
- Database of trail improvements scheduled. Created and kept updated by City Staff.

Parks

- Separate areas for small and large dogs at Perry (permanent) and Hazelnut (temporary fencing)
- Add drought-resistant native plants.
- Database of park improvements scheduled. Created and kept updated by City Staff.

Habitat restoration/plants

- Invasive species removal, especially buckthorn.
- Let public know when volunteers can assist with removal.
- Provide education about invasive species removal for homeowners.
- Work with volunteer groups, stewardship programs with people helping to maintain the parks, community gardens that involve landscaping with edible plants.
- Tree sales or discounts to help replace the buckthorn that is removed.

Community

- Increase community involvement, when possible, examples: naming parks, buckthorn removal, rain garden maintenance and getting input from people who use the parks.

Rec & Events

- Kick-off to the summer or fall Parks and Rec fun day with a food truck, specifically for soccer and baseball.
- City staff to provide guidance on how the PTRC can be helpful in recreation area.

Volunteer Opportunities

- Continue to have a point person for volunteers.
- Let residents know about volunteer opportunities.
- PTRC and City Staff should consider possible volunteer projects so that we always have projects available for volunteers.
