Location Map

Action to Consider

Motion to approve, table, or deny the following...

- Minor Subdivision to allow for the property to be split into two lots for future redevelopment with single-family residential dwellings.
- Three variances based on zoning code definitions and minimum lot standards to construct the proposal.

General Findings of Fact

1. The Subject Property at 1174 Edgewater Avenue is located in the R-2 – Single and Two Family Residential Zoning District.
2. The Arden Hills 2040 Comprehensive Plan designates the Subject Property as LDR – Low Density Residential.
3. The Applicant has submitted a land use application for a Minor Subdivision to subdivide the Subject Property into two (2) lots and is requesting a variance to the required R-2 Zoning District lot width, lot depth, and rear yard setback.
4. The property is properly guided and zoned for the development of single- family residential dwellings.
5. The request proposes to use the properties in a reasonable manner allowed by code as a single-family dwelling.
6. The Owner of the unplatted lot to be divided has filed with the Zoning Administrator a registered land survey of the lot to be divided.
7. The proposed Minor Subdivision would not require a front yard or side yard setback variance and as conditioned would comply with Shoreland Regulations.
8. The Applicant states the proposed single-family dwellings on the Subject Property would conform to all other requirements and standards of the R-2 Zoning District.
9. The proposed division will not be detrimental to the public welfare or injurious to adjacent tracts in the area in which the subdivision tract is located.
10. The Planning Commission conducted a public hearing on March 8, 2023.

Variance Findings of Fact

11. Variances are only permitted when they are in harmony with the general purposes and intent of the ordinance.
12. The variance would be consistent with the City's Comprehensive Plan because it meets the City's housing goal of encouraging redevelopment that is complimentary to and enhances the character of the City's established neighborhoods.
13. A single-family dwelling is a permitted use within the R-2 Zoning District.
14. The Applicant states the proposed single-family dwellings would not alter the essential character of the neighborhood because the configuration of future development on the Subject Property in the east and west configuration would be consistent and compatible with the neighborhood.
15. The variance request is not based on economic considerations alone.

Deadline for Agency Action

- The City of Arden Hills received the completed application for this request on February 17, 2023. Pursuant to Minnesota State Statute, the City must act on this request by April 16, 2023 (60 days), unless the City provides the petitioner with written reasons for an additional 60-day review period. With consent of the applicant, the City may extend the review period beyond the initial 120 days.
